SUBJECT: Site Sensitivity Evaluations for U.S.T. Closure  
Assessment at Pepsi-Cola - Mount Airy, Holly Springs  
Church Road, Mount Airy, Surry County, North Carolina

Dear Mr. Hill:

Due to soil sample results >10 PPM TPH, a site sensitivity evaluation for the subject location must be submitted to this office in order to determine acceptable clean up levels. The enclosed information should help you prepare this evaluation. Please submit this evaluation within twenty (20) days of the letterhead date.

You may elect to waive the Site Sensitivity Evaluation, in which case your clean up level shall be <10 PPM TPH. If you would like to wave the Site Sensitivity Evaluation, please contact me within ten (10) days of the letterhead date. If you have any questions, please contact me at the letterhead address or telephone number between the hours of 9:00 - 10:00 a.m. or 1:30 - 2:30 p.m.

Sincerely,

*Thomas A. Salley*
